In appreciation for the interest you've taken in us as individuals and the time you've spent guiding us toward higher ideals, we, the Class of '57, wish to dedicate our Deer Leap to you, Mr. Brasure.

DEDICATION

As an expression of gratitude for your understanding and patience for the past four years, we also wish to dedicate our Deer Leap to you, Mr. Breen.

I N M E M O R I A M

Last summer there was lost to us a man who was more than just a teacher. Mr. John F. Andrews will forever hold a place in our hearts as a friend with warmth of personality, love of sports, and outstanding courage. The class of '57 wishes to express its deepest sympathy to Mrs. Andrews.

SUPERINTENDENT'S

MESSAGE

To become successful and make your life worth while, it is not necessary to have extraordinary ability to begin with. It is only necessary to develop fully, positively, and constructively what ability you already possess.

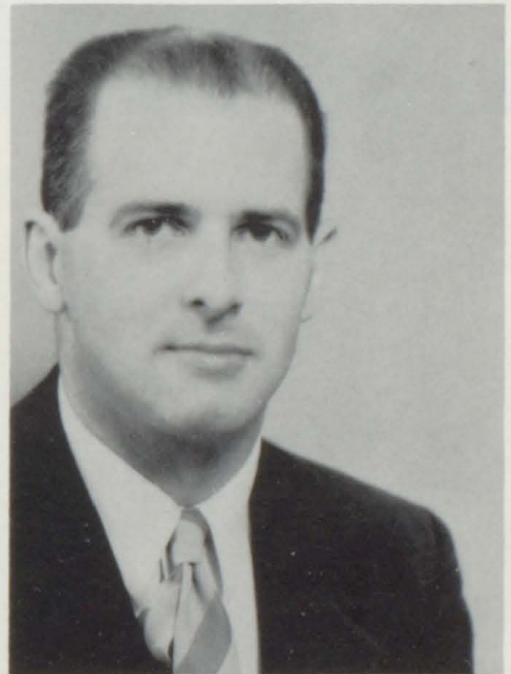

Ernest McCordery

PRINCIPAL'S

MESSAGE

This yearbook contains the golden remnants of your class experiences. Just as when the sun goes below the horizon a glow remains in the sky, so will there be a luminous path for others after your graduation. In the future the memories in your yearbook should bring not lamentations or mournful chants but should serve as the key to pleasurable associations that were your youth.

CLASS SONG

Tune: Back in Your Own Backyard

We have fond memories of you
And our teachers, too
Right here in Bristol High.
The proms and parties we've had;
It makes us quite sad
To leave ole Bristol High.

We leave our classmates and friends when high school ends,
But someday we'll come
Back to the halls where we started from.

We've found our happiness lies
Right under our eyes,
Right here in Bristol High.

Cecile Cousino, Faith Carlson

CLASS POEM

Together we have studied for four years past
For our future life we have learned to prepare
Our teachers, our parents, many have inspired and helped us
And some fun we have had as we've journeyed along.

We have looked for the day, so far, far away;
When we would at last be seniors
And walk to the stand to receive our prize grand;
Our diploma, goal of our endeavors.

To those who in us have shown faith
We vow that our future record shall be
One of which all may be proud. Solemnly we go
Out of school life into life's school.

CLASS HISTORY

Twelve years ago, far up north where the great Mississippi River is just a tiny stream, a band of adventurous 45'ers, consisting of Leland Brooks, Cecile Cousino, Veronica Cousino, Janice Dragan, Patsy Follansbee, Maggie Kenyon, Joy Maranville, James Norton, James Stanton, and Bill Wisell, built themselves a small raft and climbed aboard. Mrs. Freda Retell christened the boat the "Magnolia Blossom," and we were on our way to the Graduation Day Festival at New Orleans. This first year the waters were quite calm and we went along without any trouble. We stopped at Fred Smith's pasture for a picnic and after a short vacation we were off again.

Mrs. Ilene Wright gave us a few timely tips on how to improve our raft and we sailed along quite smoothly. Priscilla Cousino, Cecile Gevry, Roland James, and Glenna Smith begged to come along, so the kindhearted 45'ers told them to come aboard. We stopped at the Recreation Field where we enlarged the "Magnolia Blossom," as it was getting a bit crowded.

The water was getting a bit rougher now, but Miss O'Connor gave us some advice on how to survive. We added to our crew when Mary Kendall, John Dean, and Charles Orvis climbed aboard. We decided to alter our course a bit and headed toward Burlington where we visited the museum and Ethan Allen Park.

Beginning the fourth year of our journey we encountered new perils in the form of geography, history, and English. With the aid of Mrs. Trombley we managed to come back on our original course. She bade us farewell at Fort Ticonderoga and our new crew member, Pat McDonough, helped us add a cabin to our much improved "Magnolia Blossom."

The water was growing deeper. Mrs. Frances Gregory helped us install our lighting system, and we made Colonial type candles. To celebrate these improvements we picnicked on Aldrich's hill.

Mrs. Barbara Jackman guided our boat until a storm arose and she was washed overboard. Mrs. Phyllis Kimball came to our rescue and brought with her Ruth Morse and Ronnie Vincent. With the help of these two hard-working recruits, we added another cabin which we named Howden Hall. We ended this year with a picnic at Lake Dunmore.

We embarked upon our seventh year with Mrs. Beatrice Whitcomb at the helm. We began to think of money matters with which to make repairs. We sold salt water taffy and made a tidy little sum which we stashed away for later use. The weather was getting bad so we headed straight for our vacation without a picnic.

After resting our weary bones we continued to make additions to the "Magnolia Blossom." We added a sidewheel with the assistance of Mr. Paul Andrews. Our improvements were too much for him and so he left us at the half year and Mrs. Mary Granger took over the command. All went well and we added to our treasury by sponsoring a gala dance.

The Father of Waters was really getting rough now. We had all we could do to stay afloat, especially after the terrible initiation. The demon Seniors were after us but we scared them off by donning horrible costumes. Luthera Brown, Lexa Callan, Faith Carlson, Sandra Darling, Joan Orvis, and Alice LaDeau were a great help in doing this. Mrs. Jimmo was a valuable asset, also, during this crucial year. We celebrated our survival by stopping at Bayside.

Embarking upon a new adventure, with Mr. Kelliher as our guide, we were heading toward our destination, the Graduation Day Festival at New Orleans, Louisiana. We decided to modernize our boat by adding a spacious ballroom. We then put on a ball which was a huge success. We were nearing the end of our journey.

There were still more improvements to be made before the final landing so we really settled down to business with Mr. Brasure to plot our course. We added more paint and drew plans for the most fabulous event of the year, the Prom. We transformed our ballroom into Paris with sidewalk cafes and champagne, and we ordered a big round Mr. Moon especially for the occasion. The music that floated down set everyone in a dreamy mood, and they floated around as if on a cloud. It was the U. V. M. Catamount Combo with Jacquelyn Hawley as vocalist. We even had the king and queen! There will never be another night in the history of the "Magnolia Blossom" to equal that night and the old "Magnolia Blossom" never looked so good. After all our painting and polishing we collapsed at Lake Dunmore. We knew we had to reserve our strength for with next year would come the fulfillment of all our plans and dreams, Graduation Day Festival.

This was our year. The 45'ers had made it and now were the 57'ers. We had traversed the treacherous Mississippi and were approaching the gateway. Mrs. Page had discovered that we were going to Graduation Day Festival and asked to come along, so, of course, we welcomed her aboard. Leading ever onward were Mrs. Lamont and Mr. Roberts. There was still room for improvement on our boat, however, so we installed a large dining room and served chicken pie to a hungry crowd. This supper was very successful, and so we again fixed up our ballroom. This time it was set with the scenery for the great Senior Play, "Here Comes Charlie." We didn't know we had so much talent among our crew, but they came through wonderfully. Now we were almost there. We added last minute touches for we wanted to be at our very best for this last Festival. After the Graduation Day Festival we will be on our own. We will all go our separate ways in the great open sea. There will be no protecting shores nor leader at the helm. We are ready to leave the "Magnolia Blossom" for this is the great day for which we worked so long. This is Graduation Day, the climax of our twelve years of preparation.

CLASS PROPHECY

As the class of '57 was nearing its destination, the crew on board the Magnolia Blossom noticed a handsome stranger. When the captain asked him who he was, the stranger said that he was the spirit of the future. When we asked for our prophecies, he predicted miraculous things. He said, "I see CECILE COUSINO as a private nurse to the president of the United States. MARY KENDALL, JOY MARANVILLE, and LUTHERA BROWN are graduates from teachers' colleges and are exchange teachers located in Bermuda. LELAND BROOKS is a successful businessman and is first president of the nationally-known firm of Brooks, Brooks, and Brooks. In years to come you can find RUTH MORSE as Chief Dental Hygienist in New England Schools. At M. I. T. JIM STANTON is head chef and his recipes are known the world over. A familiar face at the Pentagon in Washington is that of VERONICA COUSINO. She is the director of the telephone service. Next we see Mrs. Rob Merrill, the former LEXA CALLAN. She is doing stenographic work at Montpelier. RONALD VINCENT is a forester in Yellowstone National Park and very successful. Very talented as an x-ray technician, CECILE GEVRY is working at Boston City Hospital. GLENNA SMITH and Mrs. Charles Fuller, the former FAITH CARLSON, are efficient secretaries to the Mayor of Burlington. PAT McDONOUGH, ex-G. I., is majoring in Business Administration at U. V. M. ALICE LADEAU and PRISCILLA COUSINO are social workers in New York City. Married to the former Theresa Dusablon and the father of three children, JOHN DEAN is an admiral in the navy. ROLAND JAMES is cruising around the Caribbean after having finished training in Florida. CHARLIE ORVIS is head chef at the Waldorf Astoria in New York City. The V. I. P. 's rave about his exotic dishes. SANDRA DARLING has just finished vacationing at Miami Beach, Florida, after winning money on the television program, "The Big Surprise." JIM NORTON is an instructor at the General Electric Plant School in Massachusetts. JANICE DRAGAN and JOAN ORVIS are working at the Walter Reed Hospital. Janice is the Director of Nurses and Joan is the head nurse. MAGGIE KENYON is now the Director of Physical Education at Springfield College and is the coach of the girls' basketball team. MRS. JULIA PAGE is studying at U. V. M. and is going to receive her master's degree. Mrs. Frank Hier is the happy mother of four children. She was formerly PAT FOLLANSBEE. And now, Captain BILL WISELL, your wish is to be granted. You are going to be the captain of the steamship alumni, the greatest steamboat that ever sailed in the sea of education. You will take this class far on their journey through life as they enter a profession or occupation for themselves. You will win honor and fame among men for your leadership in showing them the way."

We thanked the handsome stranger just as he was disappearing in a cloud of smoke. We all realized why we hadn't recognized who he was before. He was our future. Then we all sat around wondering if all the wonderful things he had predicted would come true. In a few years we will find out if it is possible to achieve all of our dreams. "So now," said the captain, "let's all sit down and enjoy the rest of our happy days on the Mississippi."
